(c) Number of new employees means the number of equivalent employees that are employed at a business located within an enhanced employment area designated pursuant to this section during a year that are in excess of the number of equivalent employees during the year immediately prior to the year the enhanced employment area was designated pursuant to this section.

(2) If an area is not blighted or substandard, a city may designate an area as an enhanced employment area if the governing body determines that new investment within such enhanced employment area will result in at least (a) two new employees and new investment of one hundred twenty-five thousand dollars in counties with fewer than fifteen thousand inhabitants, (b) five new employees and new investment of two hundred fifty thousand dollars in counties with at least fifteen thousand inhabitants but fewer than twenty-five thousand inhabitants, (c) ten new employees and new investment of five hundred thousand dollars in counties with at least twenty-five thousand inhabitants but fewer than fifty thousand inhabitants, (d) fifteen new employees and new investment of one million dollars in counties with at least fifty thousand inhabitants but fewer than one hundred thousand inhabitants, (e) twenty new employees and new investment of one million five hundred thousand dollars in counties with at least one hundred thousand inhabitants but fewer than two hundred thousand inhabitants, (f) twenty-five new employees and new investment of two million dollars in counties with at least two hundred thousand inhabitants but fewer than four hundred thousand inhabitants, or (g) thirty new employees and new investment of three million dollars in counties with at least four hundred thousand inhabitants. Any business that has one hundred thirty-five thousand square feet or more and annual gross sales of ten million dollars or more shall provide an employer-provided health benefit of at least three thousand dollars annually to all new employees who are working thirty hours per week or more on average and have been employed at least six months. In making such determination, the governing body may rely upon written undertakings provided by any owner of property within such area.

(3) Upon designation of an enhanced employment area under this section, a city may levy a general business occupation tax upon the businesses and users of space within such enhanced employment area for the purpose of paying all or any part of the costs and expenses of authorized work within such enhanced employment area. After March 27, 2014, any occupation tax imposed pursuant to this section shall make a reasonable classification of businesses, users of space, or kinds of transactions for purposes of imposing such tax, except that no occupation tax shall be imposed on any transaction which is subject to tax under section 53-160, 66-489, 66-489.02, 66-4,140, 66-4,145, 66-4,146, 77-2602, or 77-4008 or which is exempt from tax under section 77-2704.24. The collection of a tax imposed pursuant to this section shall be made and enforced in such a manner as the governing body shall by ordinance determine to produce the required revenue. The governing body may provide that failure to pay the tax imposed pursuant to this section shall constitute a violation of the ordinance and subject the violator to a fine or other punishment as provided by ordinance. Any occupation tax levied by

the city under this section shall remain in effect so long as the city has bonds outstanding which have been issued under the authority of this section and are secured by such occupation tax or that state such occupation tax as an available source for payment. The total amount of occupation taxes levied shall not exceed the total costs and expenses of the authorized work including the total debt service requirements of any bonds the proceeds of which are expended for or allocated to such authorized work. The assessments or taxes levied must be specified by ordinance and the proceeds shall not be used for any purpose other than the making of such improvements and for the repayment of bonds issued in whole or in part for the financing of such improvements. The authority to levy the general business occupation tax contained in this section and the authority to issue bonds secured by or payable from such occupation tax shall be independent of and separate from any occupation tax referenced in section 18-2103.

(4) A city may issue revenue bonds for the purpose of defraying the cost of authorized work and to secure the payment of such bonds with the occupation tax revenue described in this section. Such revenue bonds may be issued in one or more series or issues where deemed advisable, and each such series or issue may contain different maturity dates, interest rates, priorities on revenue available for payment of such bonds and priorities on securities available for guaranteeing payment thereof, and such other differing terms and conditions as are deemed necessary. The following shall apply to any such bonds:

(a) Such bonds shall be limited obligations of the city. Bonds and interest on such bonds, issued under the authority of this section, shall not constitute nor give rise to a pecuniary liability of the city or a charge against its general credit or taxing powers. Such limitation shall be plainly stated upon the face of each of such bonds;

(b) Such bonds may (i) be executed and delivered at any time and from time to time, (ii) be in such form and denominations, (iii) be of such tenor, (iv) be payable in such installments and at such time or times not exceeding twenty years from their date, (v) be payable at such place or places, (vi) bear interest at such rate or rates, payable at such place or places, and evidenced in such manner, (vii) be redeemable prior to maturity, with or without premium, and (viii) contain such provisions as shall be deemed in the best interest of the city and provided for in the proceedings of the governing body under which the bonds shall be authorized to be issued;

(c) The authorization, terms, issuance, execution, or delivery of such bonds shall not be subject to sections 10-101 to 10-126; and

(d) Such bonds may be sold at public or private sale in such manner and at such time or times as may be determined by the governing body to be most advantageous. The city may pay all expenses, premiums, and commissions which the governing body may deem necessary or advantageous in connection with the authorization, sale, and issuance thereof from the proceeds or the sale of the bonds or from the revenue of the occupation tax described in this section.
